

**US Army Corps
Of Engineers**

Norfolk District

DEPARTMENT OF THE ARMY
Norfolk District, Corps of Engineers
803 Front Street
Norfolk, Virginia 23501-1096

PUBLIC NOTICE

June 30, 2003

Effective August 15, 2003 the tolls for placement of dredged material into Craney Island Dredged Material Area are established as follows:

SCHEDULE OF CRANEY ISLAND TOLL CHARGES
(Effective August 15, 2003)

Deposit in Rehandling Basin (Scow)	\$3.10 per cubic yard (In Place Dredged or Scow Measurement)
Direct Deposit in Placement Area	\$0.86 per cubic yard (In Place Dredged)

The law which established Craney Island requires that all expenditures be amortized over the project life as adopted into law by the 79th Congress, 2nd Session, May 6, 1946. It directed the Corps of Engineers "to assess a uniform toll charge for rehandling material at the disposal area to recover expenditures for construction, operation, and maintenance of the disposal facilities."

The toll is for use of placement facilities only, and is in addition to any charge for inspection, supervision and surveys. If you have any questions concerning this increase, please contact the Operations Support Section, Norfolk District Corps of Engineers at (757) 441-7645.

/S/

DAVID L. HANSEN
Colonel, Corps of Engineers
District Engineer
