of Engineers
Norfolk District

Track K Dump

Former Nansemond Ordnance Depot

Before Restoration

During Restoration

After Restoration

- **Location/size of site:** An area approximately 2,500 square feet located west of South Road on the TCC Campus.
- **What was found?** Car and truck tires, and paint and paint thinner cans.
- **Work completed?** Removal of the tires and paint cans was completed in June 2001.
- **What's next?** The Corps is conducting confirmation soil sampling in the area. No additional work is anticipated.
