ALCON

Fort Buchanan response to the housing data call listed below;

Question: The end state for Buchanan will be - 26 new with 24 units in Los Colinas
= 50 units BOD 30
Jan 24.

The original plan was to construct 26 plus keeping the 29 in Las Colinas for a
total of 55. Right now, the
new USACE housing contract haven't been award, but the plan is to award it in June
2021 and construct
17 with 9 in an option. If award is done in June 2021, estimated completion date is
June 2023 so the BOD
of Jan 2024 sounds right.

The spreadsheet (template) shows 29 units on the ground in Los Colinas. Which 5
will be demo'd?

No demolition is contemplated in the near future for Las Colinas as approved by
ACSIM back in 2019 until
next HMA is done.

Yvette

Please answer the following question listed below from the housing data call
template you submitted
last week.

Need a quick turn around on this.
