

RECORD OF ENVIRONMENTAL CONSIDERATION (REC)

TO: IMRI-PWF

FROM: IMRI-PWE

PROJECT TITLE: Between Occupancy Qtrs 93B, Project # 2014-3210

BRIEF DESCRIPTION OF THE PROJECT: Provide labor, materials, and equipment to paint, replace carpet, and replace floor tile in utility room. Remove and abate asbestos. All asbestos waste streams shall be coordinated with Ms. Tera Hill, IMRI-PWE, 2-7855. This project will include asbestos abatement either between the Illinois Department of Public Health (IDPH) reporting limit of 3 sq ft – 260 lineal feet or possibly exceeding the Illinois Environmental Protection Agency (IEPA) reporting limit of 260 lineal feet, therefore, a State of Illinois Demolition/Renovation/Asbestos Project Notification Form must be prepared and submitted to the IEPA at least 10 working days prior to commencement of any work. A copy of said form shall also be submitted to George Schaub, IMRI-PWE, 2-6379, prior to any work.

Prior to any work, this project shall be coordinated with Industrial Hygiene, 2-0806.

This project involves work on the interior of an existing building; therefore, coordination with the Illinois State Historic Preservation Office (SHPO) is not required due to pending Programmatic Agreement.

Anticipated date and/or duration of proposed action: (MM/DD/YY): 14 Apr 2014, 60 days

Reason for using a record of environmental consideration :

- b. Per 32 CFR Part 651, Appendix B, Section II, the following CX applies which states: Per 32 CFR Part 651, Appendix B, Section II, the following CX applies which states: (g) Repair and maintenance activities (1) Routine repair and maintenance of buildings, airfields, grounds, equipment, and other facilities to include but not limited to the removal and disposal of asbestos-containing material and lead-based paint IAW applicable regulations; removal of dead, diseased or damaged trees; and repair of roofs, doors, windows or fixtures or work on historic structures.**
