

## RECORD OF ENVIRONMENTAL CONSIDERATIONS (REC)

**PROJECT TITLE: Abate Lead Paint and Repaint North Porch of Qtrs 6/3472 Terrace Drive Project# 2015-2370**

**Anticipated date and/or duration of proposed action: (MM/DD/YY): 60 days**

**BRIEF DESCRIPTION OF THE PROJECT:** Provide labor, material, and equipment to strip the lead paint on the columns, trim, fascia and soffit on the interior and exterior of porch. This includes: sampling ground prior to and after work in coordination with DPW Environmental Division; scraping loose paint and not applying chemicals to remove existing lead paint; clean and prep all surfaces prior to painting.

### **THIS PROJECT IS CATEGORICALLY EXCLUDED UNDER:**

**a. Per 32 CFR Part 651.29(a) (1, 2, and 3):** The action has not been segmented, no exceptional circumstances exist (b) (1-14), and one or more of the Categorical Exclusions (CX's) encompass the proposed action.

**b. Per 32 CFR Part 651, Appendix B, Section II, the following CX applies which states:** (g) Repair and maintenance activities (1) Routine repair and maintenance of buildings, airfields, grounds, equipment, and other facilities to include but not limited to the removal and disposal of asbestos-containing material and lead-based paint IAW applicable regulations; removal of dead, diseased or damaged trees; and repair of roofs, doors, windows or fixtures or work on historic structures.

#### **Environmental Considerations**

**\*A copy of the lead based paint form shall also be submitted to George Schaub, IMRI-PWE, 2-6379, prior to start of any work.**

**\*This project shall be coordinated with Industrial Hygiene, 2-0806, prior to start of work.**

**\*This project involves maintenance painting on a contributing structure, and is identified by Stipulation IV. J. of the pending Programmatic Agreement with the IL SHPO. No further consultation is required for this action.**

**\*Contractor must be familiar with the USAG-RIA Spill Response & Notification procedures should a spill occur.**

**\*Contractor is responsible for proper collection/disposal of any solid/hazardous waste generated.**

**\*Contractor must consider ways to minimize dust generation.**
