

RECORD OF ENVIRONMENTAL CONSIDERATION (REC)

PROJECT TITLE: Repaint North Porch, Qtrs 3-LBP

Project # 2016-3691

Anticipated date and/or duration of proposed action: (MM/DD/YY): 120 days

BRIEF DESCRIPTION OF THE PROJECT: Provide labor, materials and equipment to repaint the north porch of Qtrs 3. Approx 3 SF of LBP is involved and will be abated by a Lead Abatement contractor prior to start of work.

THIS PROJECT IS CATEGORICALLY EXCLUDED UNDER:

a. Per 32 CFR Part 651.29(a) (1, 2, and 3): The action has not been segmented, no exceptional circumstances exist (b) (1-14), and one or more of the Categorical Exclusions (CX's) encompass the proposed action.

b. Per 32 CFR Part 651, Appendix B, Section II, the following CX applies which states: (g) Repair and maintenance activities: (1) Routine repair and maintenance of buildings, airfields, grounds, equipment, and other facilities. Examples include, but are not limited to: Removal and disposal of asbestos containing material (for example, roof material and floor tile) or lead-based paint in accordance with applicable regulations; removal of dead, diseased, or damaged trees; and repair of roofs, doors, windows, or fixtures or work on historic structures.

Environmental Considerations

*If this project includes asbestos abatement either between the Illinois Department of Public Health (IDPH) reporting limit of 3 sq. ft. – 260 linear feet or possibly exceeding the Illinois Environmental Protection Agency (IEPA) reporting limit of 260 linear feet, therefore, a State of Illinois Demolition/ Renovation/Asbestos Project Notification Form must be prepared and submitted to the IEPA at least 10 working days prior to commencement of any work.

*A copy of the asbestos project and lead-based paint forms shall also be submitted to George Schaub, IMRI-PWE, 2-6379, prior to start of any work.

*This project shall be coordinated with Industrial Hygiene, 2-0806, prior to start of work.

*Handling of any potential asbestos waste streams shall be coordinated with Ms. Tera Hill, IMRI-PWE, 2-7855.

*The scope of this project involves maintenance painting on a contributing structure, and is identified in Stipulation IV.J. of the draft Programmatic Agreement as exempt from further review by the Illinois Historic Preservation Agency.

*Contractor must be familiar with the USAG-RIA Spill Response & Notification procedures should a spill occur.

*Contractor is responsible for proper collection/disposal of any solid/hazardous waste generated.

*Contractor must consider ways to minimize dust generation.
