

**RECORD OF ENVIRONMENTAL CONSIDERATION (REC)**

**PROJECT TITLE:** Purchase and Install Pendant Light Above Sink-Qtrs 3/3232 Terrace Dr. -LBP

Project # 2017-607

Anticipated date and/or duration of proposed action: (MM/DD/YY): 120 days

**BRIEF DESCRIPTION OF THE PROJECT:** Provide labor, materials and equipment to install a pendant style light above the kitchen sink in Qtrs 3. There are underlying layers of lead based paint at the project surface that will be removed and collected IAW Environmental & Safety standards.

**THIS PROJECT IS CATEGORICALLY EXCLUDED UNDER:**

a. Per 32 CFR Part 651.29(a) (1, 2, and 3): The action has not been segmented, no exceptional circumstances exist (b) (1-14), and one or more of the Categorical Exclusions (CX's) encompass the proposed action.

b. Per 32 CFR Part 651, Appendix B, Section II, the following CX applies which states: (g) Repair and maintenance activities: (1) Routine repair and maintenance of buildings, airfields, grounds, equipment, and other facilities. Examples include, but are not limited to: Removal and disposal of asbestos containing material (for example, roof material and floor tile) or lead-based paint in accordance with applicable regulations; removal of dead, diseased, or damaged trees; and repair of roofs, doors, windows, or fixtures or work on historic structures.

**Environmental Considerations**

\*A copy of the lead based paint form must be submitted to George Schaub 2-0689 prior to start of work.

\*This project shall be coordinated with Industrial Hygiene, 2-0806, prior to start of work.

\*This project involves repair which will not make visible alterations to the exterior of a building which is listed as a contributing element of the RIA National Historic District, and is identified in Stipulation IV.C. of the draft Programmatic Agreement; further consultation with the IL SHPO is not necessary.

\*Contractor must be familiar with the USAG-RIA Spill Response & Notification procedures should a spill occur.

\*Contractor is responsible for proper collection/disposal of any solid/hazardous waste generated.

\*Contractor must consider ways to minimize dust generation.
