

RECORD OF ENVIRONMENTAL CONSIDERATION (REC)

PROJECT TITLE: Remove and Replace Concrete Pads & Limestone Steps on Qtrs 2 & 4;
Project # 2015-4986, 2015-5012

Anticipated date and/or duration of proposed action: (MM/DD/YY): 60 days

BRIEF DESCRIPTION OF THE PROJECT: Provide labor, materials & equipment to remove and replace concrete pad and limestone stairs. Asbestos and lead-based paint will not have an impact on this project.

THIS PROJECT IS CATEGORICALLY EXCLUDED UNDER:

a. Per 32 CFR Part 651.29(a) (1, 2, and 3): The action has not been segmented, no exceptional circumstances exist (b) (1-14), and one or more of the Categorical Exclusions (CX's) encompass the proposed action.

b. Per 32 CFR Part 651, Appendix B, Section II, the following CX applies which states: (g) Repair and maintenance activities:

(1) Routine repair and maintenance of buildings, airfields, grounds, equipment, and other facilities. Examples include, but are not limited to: Removal and disposal of asbestos containing material (for example, roof material and floor tile) or lead-based paint in accordance with applicable regulations; removal of dead, diseased, or damaged trees; and repair of roofs, doors, windows, or fixtures or work on historic structures.

Environmental Considerations

****This project involves replacement in kind of exterior steps and abutments, identified in Stipulation IV.S of the pending Programmatic Agreement, and is exempt from further review by the IL SHPO.**

***If this project will include asbestos abatement either between the Illinois Department of Public Health (IDPH) reporting limit of 3 sq. ft. – 260 linear feet or exceeds the Illinois Environmental Protection Agency (IEPA) reporting limit of 260 linear feet, therefore, a State of Illinois Demolition/ Renovation/Asbestos Project Notification Form must be prepared and submitted to the IEPA at least 10 working days prior to commencement of any work. A copy of the asbestos project and lead-based paint forms shall also be submitted to George Schaub, IMRI-PWE, 2-6379, prior to start of any work. This project shall be coordinated with Industrial Hygiene, 2-0806, prior to start of work. Handling of any potential asbestos waste streams shall be coordinated with Ms. Tera Hill, IMRI-PWE, 2-7855.**

***Contractor is responsible for proper collection/disposal of any solid/hazardous waste generated.**
