Project Title: AFH Interior Painting Service Contract	JON or PR: 421 1 7 S
--	-------------------------

Description of Proposed Action:
Service contract for painting interior of Army Family Housing units at Tobyhanna Army Depot when families vacate and before new families move in. All Paints and hazardous materials shall be submitted to the Environmental Branch (EB) before contract work begins and contractor shall seek approval of the EB prior to new materials/substitutions being used.

All work for this project will comply with TYAD Installation Design Guides and Master Plan.

The above described action has been determined to meet the screening criteria as set forth in 32 CFR 651.29. No extraordinary circumstances exist that preclude the use of a categorical exclusion.

Anticipated Date and/or Duration of Proposed Action (Month/Year): Anticipated Start Date of January 2017

It has been determined that the action (choose one):

a. Is adequately covered in the existing EA EIA EIS

Title:

Date:

b. This action is categorically excluded under the provisions of 32 CFR 651, Appendix B, Section II, paragraph G-1 and no extraordinary circumstances exist as defined in paragraph 651.29(b). The facility involved will not be significantly altered by the operation of the completed project and the operation of the completed project will not, in itself, have a significant environmental impact.

c. Is exempt from NEPA requirements under the provisions of following superseding law:

**INSTRUCTIONS FOR SUBMITTING A RECORD OF ENVIRONMENTAL
CONSIDERATION (REC) TO ENVIRONMENTAL MANAGEMENT DIVISION (EMD)**

I. General Instructions: The National Environmental Policy Act is a federal law that was passed by Congress in 1969. This federal law requires all federal facilities to review actions that may have adverse impacts the environment. Below is a sample of actions that may cause adverse impacts to the environment:

- | | |
|--------------------------|---------------------------|
| a. Construction projects | h. Fences/retaining walls |
| b. Equipment purchases | i. Asbestos removal |
| c. Workload transfers | j. Installation carpets |
| d. Repairs | k. Painting |
| e. Renovations | l. Electrical |
| f. Clearing of trees | m. Plumbing |
| g. Snow removal | |

Please note that there may be other actions that may cause adverse impacts to the environment. They also will be required to be reviewed by EMD. Any project that could cause harm to the environment must be forwarded to EMD for review. A REC must be signed by both the proponents, Division Chief and the Chief of Environmental Management Division. If you have any questions, call EMD at X57098.

II. How Long Does the Review Take: For small projects (generally less than \$100,000), allow five days for EMD to review it. For larger projects (generally more than \$100,000), or more complex projects, allow ten days for EMD to review it. This review will take place before the package is forwarded to D/Contracting, Contracting Division.

III. What to Submit: Plans, specifications, scope of work, fill in all applicable portions of the REC. (See Part IV for instructions)
